

Genesis Energy prepares for secondary U.S. listing on OTCQX

Merriman Curhan Ford & Co. will serve as Principal American Liaison

Budapest, Hungary – April 21, 2008 - Genesis Energy Investment Plc. (BSE: Hungarian exchange: GENESIS; OTC: NVT1), a specialist in thin-film solar panel production, today announced the signing of an engagement letter with Merriman Curhan Ford & Co. to serve as its Principal American Liaison (PAL) on the International OTCQX (QX), a U.S. listing service representing the best companies trading over-the-counter (OTC).

Merriman Curhan Ford & Co. was the first U.S. investment bank and securities broker-dealer to be designated by QX as a PAL, and one of the first firms on Wall Street to devote significant resources to the CleanTech sector.

"QX offers a new route for shares to gain U.S. listing exposure," explains Stephen Nash, group head of Merriman Curhan Ford & Co.'s OTCQX Advisory. "For Genesis Energy, which is listed on the Budapest stock exchange, QX offers the ability to have an efficient U.S. listing and trading vehicle while providing their home country disclosure in English to U.S. shareholders."

Rényi Gábor, Genesis Energy's CEO stated, "We have taken this step to obtain greater exposure to U.S. institutional investors, especially with a view to the fact that the U.S. investor demand for foreign shares is currently at a 20 year high."

Further information on OTCQX

International OTCQX provides a gateway to U.S. securities markets for international companies that are listed on a qualified international exchange and provide ongoing disclosure in English to U.S. investors. More importantly, International OTCQX distinguishes the reputable international issuers from the 8,000 over-the-counter (OTC) securities traded in the U.S. Only leading companies that have substantial operating businesses and provide credible disclosure to the public are eligible for inclusion on the premium-tier International OTCQX, which commenced trading on March 5, 2007.
